

2021 Open Enrollment *November 2-13*

All benefits will carry over from the previous year which means you **do not** have to complete open enrollment this year unless you wish to make changes.

If you do want to make changes to your benefits, you can enroll online by going www.SBMCbenefits.info and click on **"My Benefits"** to go to the enrollment portal. All employee **passwords** have been reset to your Social Security number with no dashes. This site will give you all of your benefit information for the upcoming year. Be sure to explore the site fully prior to enrolling. A highlight of the new changes will be listed under the tab called **"What's New for 2021."**

If you wish to meet with someone in person to help you with enrollment, we have the following schedule listed below. Employees should attend the session available in their area or one of the sessions that is listed available for everyone. Again, the dates below are not required for employees to attend but available for those who may need assistance with enrollment.
