

# HELPING SENIORS STAY INDEPENDENT.

Total Life Healthcare is a program for seniors who want to maintain their independence, even continue to live in their homes, but need assistance when it comes to managing their medical and health needs.

## Who is eligible?

The criteria for Total Life Healthcare includes:

- Age—you must be 55 years or older.
- Residence—you must live in a Total Life Healthcare service area (see list of ZIP codes).
- The Department of Human Services must certify that you need long-term care services.
- The Total Life Healthcare staff must determine that their support services would allow you to live safely in the community.

## What does it cost?

- Total Life Healthcare receives a capitated payment monthly on each participant from Medicare and Medicaid.
- Total Life Healthcare participants may be fully and personally liable for costs if they receive services from an out of provider network or unauthorized service.

Services include:

- Physician visits
- Hospital costs
- Prescription drugs
- Physical Therapy
- Speech Therapy
- Occupational Therapy
- Transportation
- Durable Medical Equipment
- Home Health visits
- Nursing and Aide services
- Social work
- DayPlace
- Caregiver support
- Lifeline emergency alert
- Meals On Wheels
