Aquatic Class Descriptions

Aqua Barre: Ballet movements and toning exercises in the weightless environment, making it accessible to everyone.

Aqua Boot Camp: A one hour circuit class that involves water aerobics and water exercise equipment. Participants will be given a variety of exercises to be done in the lap pool at your own pace & your own intensity.

Aqua Boot Camp II: Boot Camp Level II is a high intensity water and land boot camp style class held in the lap pool. This class leads participants through a workout of sports drills, circuits and interval training. Using the multi-directional properties of water and limitless land opportunities, These exercises are designed to improve your strength and stamina. Requirements include, but are not limited to, the ability to exit pool using the wall and swim the length of the pool in any way.

Aqua Sprint: Utilizing the entire length of the pool, participants will jog, walk & perform various water aerobic exercises. Some water exercise equipment may be used depending on the activity given.

Aqua Yoga: Relax in the water performing yoga based stretching and balance exercises to lengthen and ease soreness from daily tasks or exercise.

Deep Water Exercise: Held in lane #4 of the lap pool that is 5.0 feet deep. Water aerobic movements focusing on balance and strength. Using an aqua jogger belt, you will experience the multi-directional resistance of the water in a non-impact environment. *This class is for individuals comfortable in deeper water.*

Tone & Pump: Takes place in the therapy pool. An evening class that focuses on strength movements and toning exercises utilizing water dumbbells, barbells and noodles.

Water Wellness: Takes place in the therapy pool. East Arkansas Area on Aging instructors follow the curriculum of Arthritis Foundation Aquatic Program. Classes will help you to increase joint range of motion, build muscle strength and help reduce pain and stiffness.

Water Works: This cardio class is held in the lap pool using a combination of water aerobics, lap jogging, water weights and noodles with stretching at the end of class. You will gain new skills as you boost your overall fitness by performing basic aquatic moves.
